THIS KEY TO
POULTRY
PROFITS
FREEYou Can Own a Maxwell
For a Day Free

Would you like to have a 1916
Maxwell Automobile for one day
with chauffeur furnished, to do
with as you please, without a
cent of cost to you? Well, you
can have just that very thing,
and all you have to do is to write
a letter to the Automobile Edi-
tor, Mirror, Mansfield, Mo., and
tell what you would do if you
owned a Maxwell for one day
only. You must be of age, a
resident of Wright county; and
you (or a member of your imme-
diate family) must be a paid-up
subscriber to the Mansfield Mir-
ror. The contest will continue
about a month, the date of the
closing to be announced later.
Don't sign your name to the let-
ter, but sign and fill out the cou-
pon below and put it in a sealed
envelope and enclose this envel-
ope and your letter in another
envelope. In this way the judges
will not know the name of the
winners until after they have
made their decision. They will
then examine the coupon and if
the winners fulfill the required
conditions they will be declared
the winners; if not, another
decision will be made. The
three winners may then have a
Maxwell to use for a whole day
to their entire satisfaction, with
the driver and everything else
furnished. The prize letters will
also be published in the Mirror.
The Mirror editors and the may-
or will act as judges. Fill out
the coupon and write that letter
now. Letters must not contain
over 100 words each.

COUPON

I am of legal age, reside in
Wright county, Mo., and I,
or a member of my immedi-
ate family, is a paid-up sub-
scriber to the Mansfield
Mirror.

A Good Show

The Clifton Comedy Company
showed at the opera house Mon-
day night.

The show was a good one and
all taking part did exceedingly
well. Mr. Poland, who calls him-
self the crazy Irishman, "may
be crazy, but he ha'nt no fool,"
for he is with a splendid amuse-
ment aggregation that makes
good and the show is one that
can "come back."

High-Class Exhibitions

The J. M. Juvenal stadium
shows are exhibiting here this
week. The show is being well
attended and is pronounced first
class in every respect. Mr. Ju-
venal puts on some extraordi-
narily good stunts himself and the
minstrels, with their band, are
proving a good drawing card.
The performances are clean and
high grade throughout, and Mr.
Juvenal is to be congratulated on
his success in maintaining a show
of such a high standard.

Bonnell-Davis

W. L. Bonnell, age 26, of Albion,
Mich., and Miss Willa Davis, age
17, of Fordland, Webster county.
Bonnell obtained the consent of
his guardian, S. W. Reynolds, and
Miss Davis secured the signa-
ture of her father, S. P. Davis,
as the contracting couple was of
legal age. They were married
this week by W. A. McGuire,
presiding judge of the county
court, the ceremony being said
in the office of John F. Mason,
county recorder. — Springfield
Republican, Sept. 11.

SUMMER COLDS

Should not be neglected. It means a condition in
the lungs that brings on Pneumonia, Bronchitis or
some other serious disease.

Ballard's
Horehound Syrup

Is a good remedy for sore throat, and cold settled in the lungs. It
eases pain in the chest, hoarseness, obstructs cough, congestion in
the lungs, loss of voice and inflammation. It is a fine family remedy,
made only of the purest ingredients and possesses a wonderful sooth-
ing and healing influence in the lungs, throat and bronchial tubes.
Children like it because it is pleasant to the taste; it is a quick
relief for the throat and lung disorders to which children are subject.

Price 25c, 50c and \$1.00 per Bottle.

Buy the \$1.00 size. It contains five times as much as the 25c size,
and you get with each bottle a Dr. Herring's Red Pepper Porous
Plaster for the chest.

JAMES F. BALLARD PROPRIETOR ST. LOUIS, MO.

For Weak Sight or Sore Eyes, use Stephens Eye Salve. It cures.

School Notes

Several new pupils this week.
We are always glad to have
patrons visit us.

C. L. Beach has added
greatly to our comfort by fur-
nishing extra seats for the as-
sembly room.

Even the little boys have
helped to put the street in front
of the school building in better
condition.

Five dozen pairs of scissors
have been added to the equip-
ment of the primary rooms for
busy work.

We are very grateful to
Messrs. J. W. Brazeal and W.
B. Fullington for a supply of
yard sticks for the different
rooms.

Among our visitors since last
report are Mesdames J. A. Fu-
son, H. B. Paul, J. N. Craig, C.
L. Beach, Mr. J. A. Riley and
Rev. R. H. Fife, of Indiana.

The fifth and sixth grade pu-
pils are very much interested in
their nature study work these
days. They are studying and
drawing the common fruits.

Miss Corinne Hitchcock, one
of our graduates in 1914, visited
High School Friday afternoon.
She is home on her vacation from
a nurse's training school in Chi-
cago.

N. J. Craig and W. B. Hitch-
cock have each given us a supply
of blotters for which we are
very grateful. We are trying to
do our notebook work more
neatly this year and the blotters
are a help.

The grade teachers are all mak-
ing the state course of study
for rural schools the basis for
their work again this year and
expect to follow it more closely
than ever in each subject.

The Mansfield High School has
a very enviable record in the re-
port of State Superintendent H.
A. Gass. Our work is all fully
accredited and our high school
aid is apportioned uncondition-
ally. No other school in the
county makes as good a show-
ing.

Supt. J. A. Hylton has just re-
ceived from the Missouri Li-
brary Commission at Jefferson
City 60 copies of books for use in
the high school and in the grades
for supplementary work. These
books cost only transportation
charges and will be very helpful
to us.

The high school class in agri-
culture is doing some excellent
work in their study of corn.
This week they are making a
critical examination of the ear
and are determining the per-
centage of grain and of cob by
weighing each part separately
and solving for the per cent, thus
correlating arithmetic and agri-
cultural work.

Rev. R. H. Fife conducted de-
votional exercises Monday morn-
ing and gave a very interesting
talk to the children on the prac-
tical side of an education. His
illustrations were very forceful
and will be remembered by the
children for a long time. Mr.
Fife is an entertaining speaker
and even the little folks were
able to follow his remarks and
see the lessons taught by the ex-
periments he performed. We
were very fortunate to have him
with us during his stay in Mans-
field.

Each room is trying to win a
quarter-day holiday this month
by keeping the cleanest room
and having the smallest per-
centage of tardies. The janitor is to
judge the cleanliness and the
teachers to record the tardies.
Each will have equal weight in
the contest and a close race is
expected. Our school is well
known for its clean rooms and
the small number of tardy pu-
pils and no doubt this plan will
result in still further improve-
ments in these particulars.

The literary program in high
school Friday afternoon was a
voluntary one and consisted of
musical numbers and a report
by Miss Osborn of her trip to
San Diego and San Francisco
during the summer. The ac-
count she gave of the journey to
the west and back was intensely
interesting and very instructive.
She went by way of the
Santa Fe and Southern Pacific
railroads and came back through
Utah and Colorado. She made
several interesting side trips,
one of which was into Mexico.
Her description of the different

You Can
Not

Draw the line too sharply when you get your eyes fitted.
There is only ONE pair of glasses that will fit your eyes. Ap-
proximate fitting should not be considered—should not even
be referred to—when dealing with such delicate organs.

It is not fair to your eyes, nor to your pocketbook, to
make the mistake of paying for glasses that are not ground
for your own individual eye requirements. No matter what
degree of merit they may possess as glasses, you have paid
dearly for them unless they are ground absolutely accurate-
ly to correct the defect, and give you perfect comfort while
you are wearing them.

To furnish these requirements, the person to whom you
entrust your eyes must be fully capable of not only detecting
the slightest irregularity of the eyes, but be in a position to over-
see the making of your lenses, and overseeing them, knows
how they should be ground. As everyone knows DONOVAN'S
alone possess the ability, facilities and knowledge for hand-
ling every detail of your case from the moment of beginning
the examination to the time of delivery of the finished lenses.
Here every operation of grinding is under the personal super-
vision of Dr. Donovan, assuring you the highest degree of
satisfaction. Consultation Free by
